## KITCHEN

From countertops to shelves, from base units to cabinets, from wall to ceiling: for kitchens we offer a range of lighting products designed and manufactured to **enhance one of the most lived-in rooms in the home in its entirety.**

## BATHROOM

Our LED solutions are designed first and foremost to be **effective**, but also to **enrich various environments.** For the bathroom we offer lamps, spotlights, strips and profiles for mirrors, shower cubicles, furniture and walls.

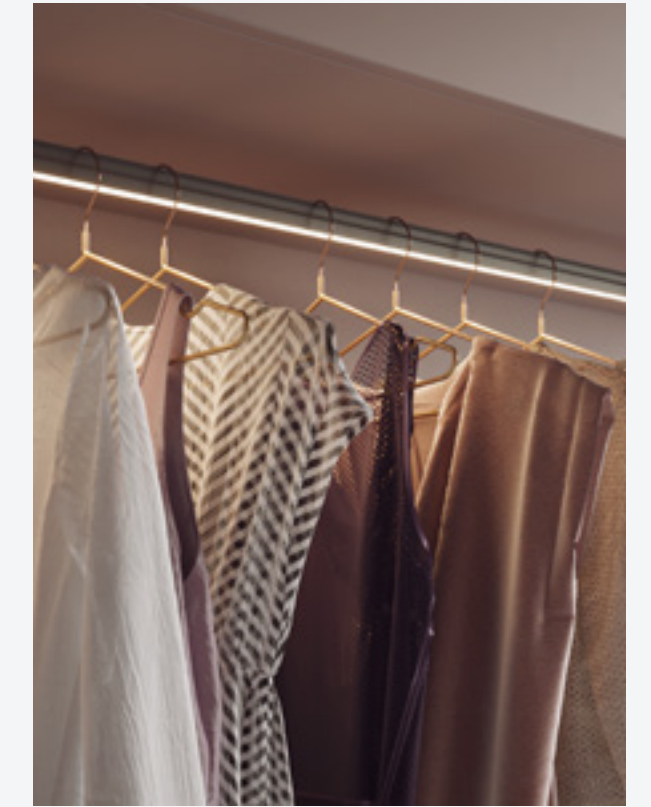

## NIGHT&DAY

We propose lighting designs suitable for **every type of environment interior.** For living and sleeping areas our products can be incorporated to enhance wardrobes, beds, bedside tables, boiserie, sofas, sideboards.

## ELDOM

Our LED technology is an **excellent solution for large and small household** appliances such as refrigeration counters, extractor hoods, ovens, hobs, washing machines and dishwashers, coffee machines and displays.

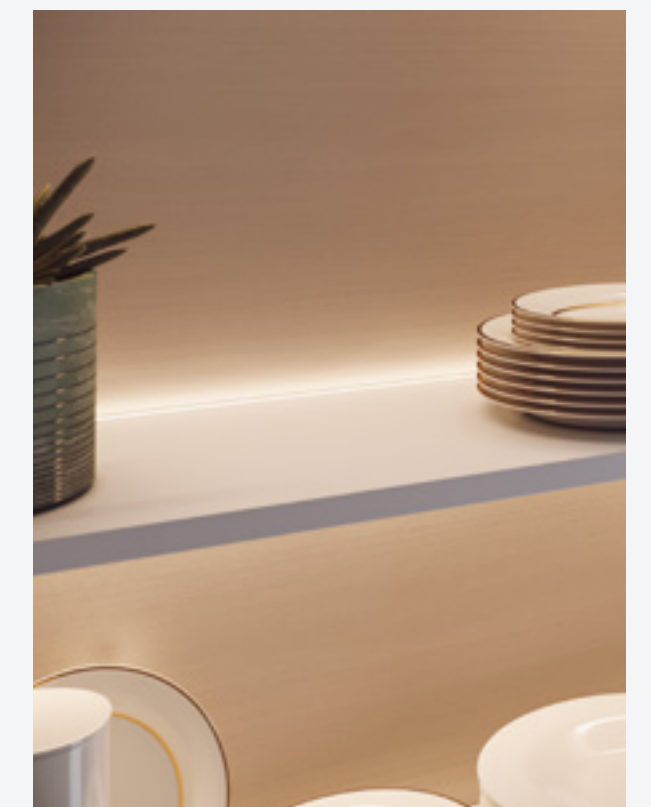

## HO.RE.CA.

The Ho.Re.Ca sector is wide and varied. For all these, we offer **unique and customisable lighting solutions** that are eco-friendly and efficient, discreet and elegant.

## CONTRACT

Commercial spaces, shops, offices, hotels, apartment blocks and high-rise buildings are all facilities for which we design and implement **innovative LED lighting solutions.**

# OUR SERVICES

## CUSTOM SERVICE

We decided to take the path of **product customisation** because each custom solution is unique, personal, inimitable.

## “JUST-IN-TIME” SERVICE

Thanks to the automation of the logistics system and the improvement of production processes, we offer the “**Just in time**” service: products will be delivered quickly and on time.

## COMMERCIAL CONSULTANCY

From the design phase through production to after-sales activities, the customer can count on the **support of Metalarredo’s sales team**.

## AUTOMATED WAREHOUSES

With **three automated vertical warehouses**, we have optimised space, saved time, reduced errors and improved stock management.
